

## **JOB DESCRIPTION FOR MOM'S**

Long term team player needed for challenging, permanent work in an often chaotic environment. Candidates must possess excellent communication and organizational skills and be willing to work variable hours which would include evenings and weekends and frequent 24 hour shifts on call. Some overnight travel required including trips to primitive campsites on rainy weekends and endless sports events in far away towns. Travel expenses not reimbursed. Responsibilities: Must be willing to be hated—at least temporarily—until someone needs money. Must be willing to bite their tongue repeatedly. Must possess the physical stamina of a pack mule. Must screen phone calls, maintain calendars, and coordinate production of multiple homework projects. Must be willing to be indispensable one minute, and embarrassing the next. Must always be prepared for the best but expect the worst. Possibility for advancement and promotion...none! Assumes total responsibility for end product. On the job training offered on a continually exhausting basis. Wages and compensation: Get this...You pay them! You offer frequent raises and bonuses. A balloon payment is due when they turn 18 because of the assumption that college will help them become financially independent. When you die, you give them all the rest! This reverse salary scheme is not desirable but moms do it all the time and enjoy it! There's no health insurance, no dental or pension plan, no tuition reimbursement, no paid holidays, no stock options, but this job provides limitless opportunities for personal growth and the potential of free hugs for a lifetime.
